## Lighted Curb

*Beautify  
Your Landscaping  
Day and Night*

The distinctive BorderLight™ product is a 120 volt lighting system, which provides indirect light and adds safety and security to your home while adding elegance to your curb design and landscape.

The system can also be used for drip irrigation, lighting, sound or for other communication wiring.

*Our concrete edging looks and feels like genuine stone and brick*

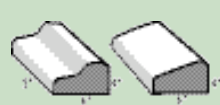

### Attractive, permanent landscape accent

- More economical and durable than traditional lawn edging
- Multiple color and design options
- Design flexibility including flowing curves, straight lines and custom designs
- Reduces edging and trimming time
- Professional appearance adds value to your property
- Existing landscaping not disturbed
- Commercial curbs including parking lot curbs
